

10/22/12-10/29/12

Group #4

Advisor: Prof. Rover

Client: Dr. Smiley-Oyen

Weeks accomplishments:

- Finished design document

Plan for coming week:

- We will attempt to find a solution to the problems with the senior design lab computers
- Begin creating a plan of action for rest of semester

Pending issues:

- The machines in the Senior design lab aren't powerful enough to meet our needs
- The machines in the Senior design lab don't have all the software we require
