

11/12/12-11/16/12

Group #4

Advisor: Prof. Rover

Client: Dr. Smiley-Oyen

Weeks accomplishments:

- Met with Dr. Rover and reviewed project plan and design document.
- Met with a 492 senior design team and completed HW4 for class.
- We decided to not participate in the Imagine Cup as we never heard back on the team size limit rule.

Plan for coming week:

- Thanksgiving next week!
- Mitchell is taking the Kinect for Windows home over break to do some testing.

Pending issues:

- Need to start thinking about end of semester presentation.
- Need to discuss if we will need help in the developing graphics for the game aspect of the project. (As we discussed with Dr. Rover)
- Need to upload/complete the 2nd revision of the Project Plan before the end of the semester.
- Need to upload/complete the 2nd revision of the Design Doc before the end of the semester.
