

Weekly Report from 4/7/13 to 4/13/13

Group MAY13-07

Advisor: Tom Daniels

Client: Garmin

Group Members:

Scott Schroeder

Ethan Little

Tom Moser

Weekly Accomplishments:

Met with Prof. Daniels and talked about progress

Group coded hand determination/movement tolerances

Prepped for Veishea demo

Finished Veishea poster

Plan for Next Week:

Meet with Prof. Daniels and get poster feedback

Group coding meeting/finish poster

Revise Veishea poster and implement FFT to compare movement

Pending Issues:

Comparing hand to predetermined paths

Individual Contributions:

Scott: Group coding, researched movement algorithms, displayed center trace (14 hours)

Thomas: Group coding, implemented initial FFT algorithms (13 hours)

Ethan: Group coding, worked on poster, updated website, Weekly report (6 hours)
