

Weekly Report from 9/23/12 to 9/29/12

Group MAY13-07  
Advisor: Tom Daniels  
Client: Garmin

Group Members:  
Scott Schroeder  
Thomas Moser  
Ethan Little

Weekly Accomplishments:

Met with Garmin representative John Kenkel and discussed project scope.

Main points of meeting:

Don't worry about processing resources.

Garmin can help acquire hardware. No EE in group therefore concentrate on image processing algorithms.

First step: Decide on sensors

Second step: Choose programming language(e.g. C, C++)

Completed project plan.

Plan for Next Week:

Research existing sensors

Apply to Leap Motion development program

Talk to John K. about setting up an in person meeting in two weeks

Pending Issues:

None so far.

Individual Contributions:

Scott: Initiated/Lead meeting with Garmin representative and contributed to project plan

Thomas: Contributed to project plan, weekly report

Ethan: Took notes during meetings and contributed to project plan
