

Weekly Report 8

October 23st 2012 to October 30th 2012

General Information

Group Number: 13-25

Group Advisor: Professor Gary Tuttle

Client: Professor Gary Tuttle

Accomplishments

- Design Document Version 1 is complete
- Met with Dr. Tuttle to verify that we were on the right track with our design
- Met as a group without Dr. Tuttle to work on design document.

Plan for Coming Week

- Finish die design so we can go in and get one die laid out.
- Design the alignment marks.
- Figure the size needed for each from the transistor sizes.
- Meet with Dr. Tuttle again and once as a group this week.

Pending Issues

No current pending issues.

Individual Contributions

All members participated in meetings and edited the design document.
