Client/Advisor Diane Rover	

Group Members: Nicole Bruck
         Jeremy Dubansky
         Daisy Isibor
         Eric Woestman	

Accomplishments of Week

- Contacted Goran (Previous Senior Design Group Member) to set up server and software
- Contacted Kamal (Previous Senior Design Group Advisor) about documentation
- Experimented with MIT Eulerian software

Plan for Coming Week

- Successfully stream video using the IRcams and look into processing the video through the software

Pending Issues

- Unable to assess whether we will be able to monitor the heart rate which will completely change how we are determining the sleep stages
